

SEXUAL ABUSE STATISTICS

Black Women

2.5X more likely to experience abuse from their spouse, either sexual or physical.

Over 18% of African American women will be victimized in their lifetime.

WOMEN OF COLOR

Women of color tend to have less access to resources to help with sexual violence.

LATINO

Married latino women are generally less likely to report their abuse as rape, and may consider their experiences with sex as a marital obligation.

API

It is estimated that 25.5% of API women will have contact with sexual violence at some point in their life.

1 in 3 API women surveyed reported experience with sexual violence.

AMERICAN INDIANS

American Indians are TWICE as likely to be raped or sexually assaulted compared to the general population.

41% of cases are committed by a stranger
